

National Equipment Leasing

Medical Equipment Programs

WHO WE ARE:

National Equipment Leasing specializes in providing a variety of finance and lease options to the medical industry. We have been in business since 1998 and represent several different banks along with many other lending institutions. We can work directly with the end user of the equipment in order to customize a finance/lease structure that fits into their business model.

WHAT *National* EQUIPMENT CAN OFFER:

- True "Tax" Lease -
This is an operating lease that is 100% tax deductible.
- Finance "\$1.00" Lease -
This is a lease with a \$1.00 purchase option and is very similar to a finance contract but with a minimum down payment.
- Equipment Finance Agreement "EFA"-
This is straight up financing.
- Simple Interest Payoff (*Credit Must Qualify*) -
With a simple interest payoff you are able to just pay the remaining principle on the note without having to pay the interest.
- Application Only Up To \$175,000 (*Credit Must Qualify*) -
On qualifying application *National* Equipment has the ability to make a credit approvals on medical equipment up to \$175,000.

For All Of Your Medical
Financing Needs Since
1998

TESTIMONIALS

GPS Medical—Brian Gill

"We have worked with National for many years and they get deals done. They are able to use their imagination to come up with lease structures that best fit our clients needs. They are our only source and make our job easier in the selling process."

Diversey Medical Clinic—Dr. Aref Senno

"We have worked with National Equipment and Bud Callahan for over three years, and have used them to lease or finance most of our equipment for Diversity and our new surgery center. Bud has always worked with us to provide us with competitive programs that fit the needs of our business and tax structure."
